We recommend using no more than 35 characters, including spaces and punctuation, for your custom message. Remember, these are one-inch buttons so the space for a custom message is pretty small. See our FAQ on the reverse for information on how to request a sample before placing your order.

Tip: For readability, we suggest using two spaces between each element of your message (e.g., between your web address and your phone number) or using a "space" "•" "space."

Custom Button Information

FAQ

Why are there two price lists for buttons?

We sell our buttons two ways: with and without a custom message on the side edge. Prices are slightly higher for custom message buttons.

Is there a minimum order?

Our minimum order is 100 buttons.

What does the custom message look like?

Custom message wording appears on the side edge of the buttons. See photo on the custom order page of our website. We recommend using no more than 35 characters (including spaces and punctuation). Remember, these are one-inch buttons so the space for a custom message is pretty small. Email us for a sample first (see next question).

Can you send me a sample before we place an order?

We will be happy to send you a button sample so that you can see placement and size of the custom message. Please request samples by emailing us at hello@wearobgear.com. Be sure to include your name, title, organization, and address with your request.

Will I be able to see the message design before you print it?

Absolutely! We will email you a PDF proof. We will not send in your order until you have approved the artwork.

Can I mix designs in my order?

Yes, we can do split orders. For example, if you order 1000 buttons, you can get 500 of each design.

What about payment?

All custom orders require prepayment before work can begin. There are several options:

We can send you an electronic invoice payable online with a credit card.

We can send you an electronic invoice that you can pay with a check or money order. (With checks, work will begin once your check has cleared.)

Institutional purchase orders may be acceptable (*please inquire*).

How much is shipping?

Standard shipping is free for orders under 1000 buttons. If you need an order of 1000 or fewer buttons shipped faster, let us know. For larger orders, we will include shipping on your invoice, depending on how fast you need your buttons.

How long does it take?

Please allow at least 4 weeks for custom orders. Many times, we will be able to turnaround your order a lot quicker than that. If you need your buttons faster, please advise us of the deadline up front.

Can organizations outside of the United States order buttons in bulk?

Sorry, we are only able to fulfill orders from customers in the United States at this time.

What else should I know?

Once you place your order, there can be absolutely no changes to the quantity of buttons ordered or to the custom message. There are no returns or refunds on custom orders, except in the rare case of defective merchandise.

Are you planning to add buttons about other STDs?

You bet! When we are not designing or fulfilling your orders, our minds are hard at work on ways to creatively raise awareness about other sexually transmitted diseases.

We take pride in our designs and are truly thrilled that people are wearing them to spread awareness. Each order is customized just for you, with the utmost care.

If you have a question that's not answered here, please email us at hello@wearobgear.com. We'll get right back to you.

Thank you :)
